Long hair M4	N/N	07 August 2017

**Please note:**

The original sample contained low levels of cat DNA, but by repeating the test and performing extra work we are confident in the reported result(s). Please visit our website or contact us for details of how to take a good quality mouth swab. Extra test's will require another swab to be submitted.

For interpretation of results please see our website: [catgenetics.co.uk](http://catgenetics.co.uk)

We advise that you keep your veterinary surgeon updated with genetic disease test results.

Dr Chris Helps  
Senior Research Fellow, Head of Molecular Diagnostic Unit
